Please accept these comments as restated below from Proponents original petition.

Petitioner respectfully submits that the public interest would be served by allocating Channel 250C3 to Bangs, Texas as that community's first local FM service. Bangs, Texas is an incorporated city with a population of 1,620 people.¹ Bangs has its own mayor, C.B. Alexander, its own post office, fire department, city hall, its own elementary and high school and a number of local churches. Bangs is a community that is certainly deserving of local FM service. The proposed channel 250C3 will provide additional diversity and an outlet for local self-expression to Bangs residents and therefore is in the public interest.

The factual information provided in these Comments is correct and true to the best of my knowledge.
